

TECHNICAL DATA SHEET

Product Name: PLASTIC RESTORER

Product Description:

Tonyin Plastic Restorer removes light oxidation, dirt, wax residue and surface film with ease, bringing back that like-new color and protecting against further deterioration caused by sun, smog, ozone, water, chemicals and airborne contaminants.

Features:

- Protects from contaminants along with preventing aging.
- Brings all exterior plastics, rubber trim and vinyl back to new look.
- Creates a rich darkness and shine that lasts for weeks.
- Non-greasy formula dries fast and doesn't streak when wet.

Application Process:

1. Thoroughly clean and dry area to be restored. Shake well.
2. Apply a small amount of product onto a applicator or microfiber towel. Treat area to be restored to create a very thin, even layer.
3. After 5-10 minutes, buff down excess with a clean microfiber towel.
4. Leave product to air dry.

Notes:
