

TECHNICAL DATA SHEET

SUPERIOR TIRE GEL

Product Description:

It is designed for use on tires, trim and bumpers. The super thick, gel formula wipes on clear and lays down immediately. Its non-flammable formula dries to a water repellent, non-tacky finish that won't collect dust. Contains UV inhibitors to protect against the sun's harmful rays.

Features:

- Prevents tires from cracking and gives a luster shine to the tire.
- Absorb quickly for instant wet look.
- Tyres stay black with a rich high gloss.
- Enhances the luster without having a greasy or slippery look.

Application Process:

1. Wash tires thoroughly with Tonyin tire cleaner.
2. Shake well. Pour a small amount of the Tire Gel onto a foam applicator or microfiber towel. Apply the gel to the tire in a circular

TECHNICAL DATA SHEET

motion, ensuring even coverage across the entire sidewall. Avoid getting the gel on the tread of the tire for safety reasons.

3. Allow the gel to sit and penetrate the rubber for a few minutes for optimal shine. Wait for it to dry.
4. For extra shine, apply a second coat following the same process. For a matte or satin finish, after letting the gel sit for a few minutes, use a clean microfiber towel to buff off any excess product.

Notes:

- Allow the Tire Gel to dry for at least an hour before driving the vehicle.
- Keep away from eyes and mouth. If it comes into contact with eyes, rinse immediately with water for 15 minutes and seek medical attention.
- Keep out of reach of children.
- Store in a cool, well-ventilated environment. Avoid freezing and direct sunlight.

PACKAGING TYPE:

473ML(480G) NO CONCENTRATED
