

## TECHNICAL DATA SHEET

### TAR & STICKER REMOVER

#### FEATURES:

The most innovative and effective method of removing a wide variety of "sticky" and tar problems, safely lifts grease, tar, asphalt, insects, tire marks and any other stubborn contaminants. No risk of damage to vehicle surfaces. Ensures a clean, flawless finish to increase customer satisfaction.

#### DIRECTIONS:

1. Shake well. Spray Tar OFF on dry surface.
2. Let Tar OFF react on surface for 1~2 min. Or brush/agitate with sponge pad. (spray some Tar OFF on the sponge as well)
3. Rinse thoroughly with a power washer or flowing water.

#### PRECAUTIONS:

- Keep out of reach of children.
- If it is splashed into eye, please flush eyes with water and seek medical help.
- If swallowed by mistake, induce vomiting at once and get medical help.
- Store in a cool, dry area and away from sunlight.
