

ADVANCE SERIES

# Dry even faster. Save more energy. Don't compromise.

The fast-drying clear coat UltraTOP. Outstanding results in just 20 minutes of drying at 40 degrees celsius.

Perfection  
made simple

# Cut energy costs and turbocharge your throughput.

Our latest fast-drying clear coat reduces energy consumption and maximizes throughput to drive profitability. Its unique 40°C process is also perfect for electric vehicle repairs. Enjoy outstanding results, a hard, robust surface and minimal time to polish. Boost your performance and energy savings with Advance Series.

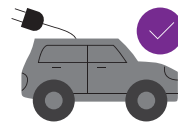

## Dry in 20 mins at 40°C or in 15 mins at 60°C.

Save energy and work faster with this ultra-flexible, fast-drying clear coat. Also air-dries at 20°C in 2-3 hours.

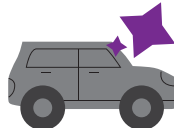

## Perfect for electric vehicle repairs.

With its ability to dry at low temperatures, UltraTOP is perfect for electric vehicle repairs.

## Leading surface robustness.

Results in a hard finish with minimal polishing time.

## No extra hardener for the basecoat required.

No additional hardener is needed for the basecoat, further reducing costs.

Accelerate your business success with enhanced performance.
